#### Questions/Comments

Dekloe, Solano, said he was surprised by the CSU objections for Moorpark's proposal because it was based on Solano and MiraCosta's degrees.

Madden said he will review the specific concerns. He mentioned the approval of Feather River, San Diego City, and Moorpark college's programs are pending intersegmental discussion.

Madden explained the UC does not have any objections to the programs. The CCCCCO is exploring the possibility of front loading intersegmental discussions at the beginning of the BPD approval process. Some of the Sean will review the specific concerns.

The discussion regarding CSU objections continued. It was also mentioned that McGrath has inquired about workforce need and the possibility of additional legislation to allow for nursing programs.
